

New Store! New Goods! LOW PRICES

We take pleasure in announcing to the people of this section that we have just opened our new store on the East side of Court Square and are ready for business.

We have a brand new stock of Dry Goods, Clothing, Shoes, Hats and Groceries and are in position to offer you the very best merchandise at the very lowest prices.

And when we say lowest prices, we mean prices that are in line with prices that the farmer is receiving for his products. Our goods have been bought right, and we are going to sell them right.

We shall be glad to have our old friends and customers call on us at our new store, and we assure you that our prices and goods will please you. Come to see us and make our store your headquarters when in town.

\$75,000,000 Added to Alabama's Payrolls in Six Years

Thousands of employees, receiving an annual average wage of \$75,000,000 are working today in new industries which have been located since 1919 in the territory served by Alabama Power Company.

This astounding disclosure of the growth of Alabama industry is contained in a report just issued by the Industry Division of Alabama Power Company. The report is based on comparative surveys made in 1919 and 1926.

Here Are Some of The Striking Contrasts in The 1919 and 1926 Figures

In 1919 the company served 133 different companies representing 14 types of industry, and in 1926, 419 companies representing 21 types.

In These Six Years

COTTON SPINDLES increased from 1,155,000 to 1,530,000.

COTTON MILLS served increased from 13 to 56. Twenty of these were new mills. They employ 8,000 people. Their payroll is \$6,000,000.

PIPE PLANTS served increased from 2 to 19. Thirteen are new. These and other foundries and machine shops located since 1919 brought 4,000 wage earners whose pay roll is \$5,000,000.

BRICK PLANTS served increased from 1 to 11. Six were new.

CEMENT PLANTS served increased from 2 to 6. One completely remodeled, the other three new.

LIME WORKS served increased from 1 to 5. Three new.

COAL MINES served increased from 34 to 70.

POWDER WORKS, none in 1919, one in 1926.

KNITTING MILLS, none in 1919, 5 in 1926.

Every three years in the past nine, the output of Alabama Power Company generating plants has doubled. Nine years ago the output was 294,000 KWH. Last year this had increased to 1,121,000 KWH. In 1926 it is estimated the output will be 2,350,000,000 and in 1940, 4,500,000,000 KWH.

WHY THIS AMAZING RECORD?

Low rates, adequate service, national advertising and the wholehearted cooperation of civic bodies and patriotic individuals. With the vision to see and the will to achieve.

Mr. W. N. Hudson Writes About Vacan- cy On School Board

Editor Elba Clipper:
The Enterprise Ledger in its last issue contained a very misleading article concerning the recent action of the Democratic Executive Committee in filling the vacancy on the County School Board.

The people of the County are entitled to know the truth about this matter and this is exactly what happened.

Early in the year, several months before the August Primary Election, Mr. Gus Owens, who was Chairman of the Democratic Executive Committee, went to the County School Board Office and reminded them that there were two vacancies to be filled at the August Primary, but for some reason or other the matter was overlooked and only one member of the board, Mr. J. E. Pittman, was nominated, the ticket itself expressly stating "vote for one."

Some time after the August Primary the State Superintendent of Education notified the County School Board that there were two vacancies to be filled in this County and that the Democratic Executive Committee had blanket authority to nominate another member of the County School Board. This was exactly what Mr. Owens told them when they had been given full authority to fill all vacancies on the ticket and to do any and all things that the whole committee would be called upon or expected to do.

The Sub-Committee met under the call by Mr. P. B. Trawick, the present acting Chairman of the County Committee, and nominated Mr. R. L. Cooper, of Elba, to fill the vacancy caused by failure to nominate in the August election.

There was a list of applicants filed with the sub-committee of good and suitable men to fill this vacancy and on account of his broad business experience and the fact that he has several children to educate, Mr. Cooper was selected from the list. He is in splendidly with Mr. J. E. Pittman, the new member nominated in August, who is also a man of broad vision in public and private affairs.

The Sub-Committee did not go on whose place is vacant, Chapman or Hunter, neither does it care whose place is vacant. Any competent officer is charged with the duty of keeping up with the beginning and ending of his term of office.

The County School Board spends more than one hundred thousand dollars of the people's money every year and who will say that our strongest business men should not be given a place on that board?

Yours very truly,
W. N. Hudson.

When You
Think it
is Safe—
IT ISN'T

Under the carpet, in the teapot, behind the clock—none of these places are safe hiding spots for money, as is attested by news items that one sees frequently in the daily papers.

Robbers and sneak thieves appear to know just where to look for the family hoard that is hidden about the house instead of being deposited in a bank, where it would be safe.

Besides, banks pay interest on time deposits. Put your money at work for you in our bank where it will be safe.

CANTOR'S ANTICS CONVULSE CROWDS IN "KID BOOTS"

From "come-on" to candy is the range covered by Eddie Cantor, ace of Broadway comedians, in "Kid Boots," Paramount's Comedy which opened at the Elba Theatre last night.

The Florenz Ziegfeld success, "Kid Boots," with Cantor as its star, ran for three years in New York, setting a high attendance mark by playing to more than a million people. It is safe to predict that Cantor's first film will also roll up new records for productions of this kind, and that it will also definitely establish Eddie as one of filmland's best bets.

"Kid Boots" convulsed last night's audience with one laugh after another. It starts in an east side clothing store. Cantor is the "come-on" who forcibly lures customers in from the streets.

Eddie finds himself enmeshed in a maze of difficulties when he "grits" Malcolm Waite, a husky swimming instructor, with a coat. Therefore, when Waite returns to get his money back—the fun begins. Then—the plot thickens as do the laughter and action. With the aid of Lawrence Gray, a rich young man endeavoring to escape a marriage into which he has been tricked, Cantor temporarily escapes from one predicament only to land in another.

Gray takes Cantor under his wing, and to hide from his unwanted wife, Natalie Kingston, they go to an exclusive golf club. Eddie, never having seen a golf ball in his life, forishes some "top-hole" entertainment. Clara Bow and Billie Dove being at the same club, the former promptly captures Eddie's heart while Gray capitulates to Billie. Waite objects to Eddie's attentions and—
The story concludes in rapid fashion with some of the funniest scenes ever filmed. Directed by Frank Tuttle, "Kid Boots" is one of the best comedies seen this season.

This picture will be shown tonight, (Thursday) for the last time. Be sure to see it.

BRINGS SOME FINE CANE.

Mr. Brus Maddox left with the editor last week, some of the finest cane we have seen this year. The two stalks measured over eight feet each, and were just a little better than that let by Mr. Hub Bowman a few weeks ago.

Mr. Maddox also told us about his fine sweet potato crop this year. He had four rows about 70 yards long on which he made thirty bushels of potatoes. From one hill in his patch he gathered 20 pounds. Some cane, and some "taters!"

Is as Strong as T. N. T.

IF YOU WANT TO KNOW A MAN GO FISHING WITH HIM

If you want to appreciate a neighbor, do some business with him. Closely associated, each neighbor knows the other's capabilities and characteristics, hence is in position to serve or be served efficiently. Banking at home is not a matter of personal friendship—it is a logical proposition; those who know each other best are able to work together best.
